

USE OF CALCULATORS IN EXAMINATION

- Effective from AY2019/20, students are not required to register and affix stickers on their calculators as a form of identification for approved calculators to be used during examination.
- Students are only allowed to use non-graphic calculators for examinations unless otherwise informed by the examiner/faculty.
- The list of approved non-graphic calculator models is shown in **Section A**.
- Students are responsible to bring in only approved calculators for examination.
- Invigilators will check the calculators that are brought into the examination venue. Calculators that are not in accordance to the list shown in **Section A** will be removed and returned only at the end of the examination.
- If students would like to use a new calculator model not inside the listing, they are required to fill in the Calculator Approval form available in Student Intranet > Guides & Policies > Forms. The completed form must be submitted to Registrar's Office at least 3 weeks before the examination period. Please refer to Exams Rules & Regulations guide for more information.
